A Message from our CEO:

We can all agree that it has been a challenging time for all of us. 2020 was a year that everyone looked forward to as we thought it would live up to its hype, “2020 vision”. But 2020 has blindsided all of us.

It is heartbreaking to see the unrest that is going on in our communities, while we struggle to recover from a pandemic that has blindsided us and forced us to adapt as quickly as possible to survive. The recent senseless, tragedy of George Floyd and many others has caused an explosion of years of anger and frustration over the abuse of power and authority, and it touches all of us in a way that we cannot sit still. No one should have to fear for their life and or be treated unjustly because of the color of their skin. As Martin Luther King, Jr. said, “Injustice anywhere is a threat to justice everywhere.”

At Caribbean Food Delights, we are proud to have a diverse workforce and we will continue to be fair, inclusive and considerate to foster a culture in which our employees feel respected and comfortable in speaking up. I have encouraged our management team to reach out to all employees to see how everyone is feeling and how we can help our employees cope during this difficult time. As for our community, we are always here to help in whatever ways we can. We are here for you.

Sincerely,

Sabrina HoSang Jordan
CEO
